

**II Conference “Fundamental and Applied
Aspects of Electroplating, Electroless Plating
and Protection of Metals and Alloys”
Dedicated to Corresponding Member of RAS
Yu.M. Polukarov
Moscow, October 15-16, 2020**

Dear Colleagues!

The Organizing Committee of **II Conference “Fundamental and Applied Aspects of Electroplating, Electroless Plating and Protection of Metals and Alloys”** dedicated to an outstanding scientist in the field of electrochemistry and corrosion protection of metals and alloys, Corresponding Member of RAS **Yu.M. Polukarov** invites you and your colleagues to participate in the Conference that will be held on October 15-16, 2020, in Moscow in Frumkin Institute of Physical Chemistry and Electrochemistry of the Russian Academy of Sciences.

The sections planned in the Conference are:

1. Fundamental problems of electrodeposition and electroless plating of metals and alloys.
2. Applied problems of electrodeposition and electroless plating of metals and alloys.
3. Protection of metals and surface treatment.
4. Modern electrochemical processes and technologies.

The scientific program of the Conference will include plenary, key, and oral presentations.

The official language of the Conference is Russian. In case a lecturer wants to deliver his presentation in English, the Organizing Committee will provide an interpreter.

A Book of Abstracts will be published on the basis of the presentations delivered at the Conference. The Conference Materials will also be published at the site of the Scientific Electronic Library, <http://www.elibrary.ru>. Besides, the Program Committee will offer the authors of presentations to publish extended materials of their presentations in one of the following journals: “Protection of Metals and Physical Chemistry of Surface” (WoS), “Korroziya: Materialy, Zashchita” (RSCI),

"Theory and Practice of Corrosion Protection" (RSCI), "Electroplating & Surface Treatment" (RSCI).

More detailed information about the Conference is available at its official site polukarov.eng.lsp.su, where registration of the Conference participants is already opened.

The planned organizing fee for the Conference participants is 2000 Rub. for regular participants and 1000 Rub. for postgraduates and students. If the Conference is supported by the Ministry of Science and Higher Education of the Russian Federation or the Russian Foundation for Basic Research, the Organizing Committee may change the organizing fee.

This year, our Conference is a satellite conference of the 11th Frumkin Symposium that will be held in Moscow on October 19-23, 2020. The official language of the Symposium is English. The participants of our Conference automatically become absentee participants of the Frumkin Symposium and their abstracts will be published in the Book of Abstracts of the Frumkin Symposium. For full-time attendance of the Frumkin Symposium, one should register at its site, <http://frumkinsymp.ru/>, and pay up the difference between the organizing fees (200 Euro-2000 Rub. for usual participants and 100 Euro-1000 Rub. for Young Scientists). Besides, it is possible to participate only in the Frumkin Symposium.

The deadline for submission of the Abstracts for their inclusion both into the Book of Abstracts of our Conference and into the Book of Abstracts of the Frumkin Symposium is September 07, 2020.

As the Book of Abstracts of the Frumkin Symposium is published in English, the participants of our Conference can:

- present the abstracts both in Russian and in English;
- present the abstracts in Russian and supply the names of the Authors and their affiliations in English;
- present the abstracts only in Russian.

In the latter two cases, the abstracts will be translated into English by the Organizing Committee for their publication in the Book of Abstracts of the Frumkin Symposium. The template for abstracts is available at the Conference site.

We hope to see you in Moscow!

CHAIRMEN

A.Yu. Tsivadze, Academician of RAS

Research Adviser of the Institute, Frumkin Institute of Physical Chemistry and Electrochemistry, Russian Academy of Sciences (Moscow, Russia)

A.K. Buryak, Corresponding Member of Russian Academy of Sciences

Director of the Institute, Frumkin Institute of Physical Chemistry and Electrochemistry, Russian Academy of Sciences (Moscow, Russia)

DEPUTY CHAIRMEN

Yu.I. Kuznetsov, Prof., Dr.Sci. (Chem.)
